This grid is maintained in a good-faith effort to with planning. Although we try to stick closely to this schedule, changes are sometimes needed. If such a change affects your plans, we will work with you to find a solution. Posted Spring 2026.

Here "fall even years" means Fall 2022, Fall 2024, Fall 2026, etc.

Rotating elective rotates between

- Bayesian Statistics
- STAT351/451 nonparametric statistics
- Multivariate statistics
- STAT344/444 Longitudinal Data Analysis and Mixed Modeling.

And similar

Elective as needed will run when possible, and will generally be chosen from stats classes not on this list or topics classes.
