

This report shows the total number of students who completed degrees at Loyola University Chicago as well as the total number of degree completions conferred from Summer 2020–Summer 2025 by the school awarding the degree. Certificates, credentials, and minors are excluded from the total degree count.

NOTE:

If a student graduated with more than one degree, they have multiple records included in the count.

Due to IPEDS reporting rules, summer degrees conferred after June 30th are counted towards the following year's degree reporting in IPEDS. As an example, Summer 2023 degree conferrals which were awarded in August 2023 were counted towards the following 2023–2024 academic year.
