### **Biographical History**

Mary Louise Hirsh Burger was born November 3, 1932 in Chicago to Robert Stanley Hirsh and Margaret Agnes (Brennan). She married William Bronson Burger on March 16, 1968. Through her career Burger gained increasing influence and prominence in the field of childhood education at the local, national, and international levels. As a teacher in the Chicago Public School System between 1954 and 1968 she dealt with the education of children directly. Although this connection with children continued through her career, her focus took a more theoretical turn as Burger continued her own education through becoming increasingly involved in the development and accreditation of educational programs for children at both local and state levels. For example, she served for six years on the National Council for Accreditation of Teacher Education (NCATE) where one responsibility was as Chair of the Constitution Committee of the Executive Board. Burger also was involved with curriculum design for the Education Department while at Northeastern Illinois University.

In addition to teaching for the Chicago Public School System, Burger was also an instructor at DePaul University in the Education Department and Roosevelt University in Chicago in the Department of Creative Arts. In 1968, Burger joined the faculty of Northeastern Illinois University (NIU). She was professor in the Department of Childhood Education of NIU from 1968-1973, serving as Chairperson from 1972-1980. From 1986-1995 Burger served as Early Childhood Coordinator in the Department of Curriculum and Instruction. After 1985, she was a professor in the Department of Teacher Education/International-Intercultural. At NIU, Burger developed new courses including developing and presenting a graduate level course entitled "Curriculum in Early Childhood Education" which was broadcast over WBEZ-FM in Chicago.

Other professional experiences include working as a psychologist for Worthington, Hurst and Associates (1972-1974), Owner/Director Childhood Education Center, Evanston IL (1974-1985), and Educational Counselor, Burger Associates, Ltd., Schaumburg IL, from 1983 on.

Burger led many workshops and presented numerous papers at meetings of professional societies around the world on subjects such as coping with stress through children's literature, creative activities for young children, and toy safety. Although active in many international, national, and local professional organizations such as Zonta International, Delta Kappa Gamma International Society, North Shore Association of Nursery Schools, and the National Association for Education of Young Children, Burger was deeply involved in the Association for Childhood Education International (ACEI). She served the organization in many roles including several committees (such as the Infancy Committee, the Teacher Education Committee, as Co-Chair of the ACEI/Children's Book Council Committee (1981), as Vice-President and member of the Executive board between 1983-1986, and as President between 1988-1992.

Burger has been listed in editions of *World Who's Who of Women*, *Dictionary of International Biography*, *Who's Who of American Women*, *International Who's Who in Community Services*, *Who's Who Biographical Record of Child Development Professionals*, *Who's Who in the Midwest*, *Notable Americans of the Bicentennial Era*, and *Personalities of the West and Midwest*.

Burger received her Bachelor of Arts degree from Mundelein College (1954) and her Master of Education degree from Loyola University Chicago (1957). She was awarded her Doctor of Education degree from Northern Illinois University (1972).

Dr. Mary Louise Hirsh Burger passed away on September 8, 2018.
